THURSDAY, MARCH 10, 1892.

REPUBLICAN TERRITORIAL CONVENTION.

ROOMS OF THE TERRITORIAL REPUBLICAN CENTRAL COMMITTEE.

A convention of the Republican party of Arizona will be held at the city of Phoenix on Thursday, the 7th day of April, 1892, for the purpose of selecting two delegates and two alternates, to the National Republican convention, to be held at Minneapolis on the 7th day of June, 1892.

The basis of representation will be one delegate from each county, and one delegate for each fifty votes, and one from each fraction of fifty or over twenty-five votes cast for Geo. W. Cheney for delegate to Congress at the November election in 1890.

The representation of the several counties will, therefore, be as follows:

Apache county	1
Cochise	2
Cochran	1
Gila	1
Maricopa	1
Mohave	1
Pima	1
Pinal	1
Yavapai	1
Yuma	1

Total number of delegates 10

The election of delegates from the several counties, to sit in the National convention on Thursday, the 7th day of April, 1892, is a standard bearer of the "Grand Old Party" is selected to lead on to victory, is one of the most important functions to be discharged and will surely merit full attendance at the convention of our best and truest party men to select said delegates.

The Chairman of the Territorial Republican Central Committee desires a full attendance at our Territorial Convention, and requests that all proxies to the Convention be held by members of the Convention from the same county they have been selected to represent.

W. C. BASHFORD,
 Chairman Territorial Republican Central Committee.
 By GEO. E. BROWN, Secretary.

REPUBLICAN PRECINCT PRIMARIES AND COUNTY CONVENTION.

The Republicans of Coconino County are hereby called to hold primaries in the various precincts of this county on

SATURDAY, MARCH 12, 1892,
 to elect delegates to the County convention to be held in Flagstaff, Coconino county, on

TUESDAY, MARCH 15, 1892,
 at which convention seven delegates are to be elected to represent the Republican party of this county, in the convention to be held in Phoenix on

THURSDAY, APRIL 7, 1892,
 for the purpose of selecting two delegates and two alternates to the National Republican convention which meets in Minneapolis, Minn., on the 7th day of June, 1892. Each precinct will be entitled to the following number of delegates:

Bellmont	1
Canyon Diablo	1
Flagstaff	1
Tuba City	1
Williams	1

Should it occur that any precinct or locality entitled to representation in the County convention, has been overlooked, due consideration will be given their claims and representation allowed. A full attendance is requested at the primaries and at the County convention, and it is suggested that all proxies to the County convention be held by the members from the same precinct they have been selected to represent.

C. H. SCHULTZ,
 Chairman Republican Co. Cen. Com.
 T. J. COALTER, Secretary.

THE POSTAL LAWS RESPECTING NEWSPAPERS.

About two years ago Messrs. George P. Rowell & Co., of New York, the publishers of Rowell's Newspaper Directory, and several other publications of great value to concerns wishing to do business with the newspapers, started a very unique weekly both in form (12 mo.) and name (Printers' Ink.)

It was a new idea all through, and like new ideas generally, required large capital, much experience and utmost push to make it go. The publishers had to educate people and make a market for the publication. To what extent they succeeded may be judged by the fact that its editions now exceed 80,000, and the business probably \$200,000 per year. We doubt if any publication published once a week is read with more avidity. In fact we have seen it in many instances carefully preserved just as monthly magazines are preserved, so highly is it valued.

Now, after allowing the publishers to proceed on these lines for several years, the Post Office department rules that the journal is not a legitimate newspaper and cannot be admitted to second-class rates, but as third-class matter.

The postage on the issue of January 13, amounted at third-class rates to \$805, besides the labor of attaching 80,500 stamps to that number of papers. At second-class rates the proper charge for postage would be \$69.72, making a difference in cost of mailing this one issue of \$733.24. In other words about \$3,627 a year at second-class matter, against \$11,860 at third-class. In the meantime Rowell & Co. are paying this enormous sum under protest, until the department can further consider the case.

Of course it is outrageous that the law is so ambiguous that the Post Office authorities themselves can blunder in construing it, as they do according to the whim of the person in charge of the matter, and it ought to be changed immediately in justice to those compelled to suffer by such ambiguity.

If Printers' Ink is not a newspaper, then there is not a weekly newspaper in the country.

We believe it at present the best read and most carefully preserved journal in existence, and entitled to all the privileges accorded any newspaper by the postal laws, and hope to see the wrong done the publishers righted without delay.

It looks like the Presidential candidates would be Harrison and Hill.

The Daily Nogales Advertiser has been enlarged to five columns and is prospering.

RAINMAKER MELBOURNE says that he has just produced a two-inch rainfall at Hermosillo, Sonora, and that he is operating under the auspices of the Mexican Government. This is the dry season in that country, and he is very much elated over his success.

THE postmaster of Phoenix recently seized an entire edition of the Gazette which contained the result of a lottery scheme of one of the Phoenix business houses. The Gazette is wroth at the postmaster and is after his head. The postmaster probably only discharged a disagreeable duty in holding the edition.

THE Phoenix post office is to undergo an investigation. The charges refer principally to annoyances which certain patrons allege to have received from the post office officials. More favors are expected from a postmaster than any other public official, but if he does not treat the patrons of his office alike and with all due respect he should be removed at once.

It seems that the Democrats of Tucson are somewhat in a hurry in determining that Hon. Wm. Zeckendorf is out in a card in which he states that he is still a resident of the Territory, and that all his interests are here and that he is now in the East on business which, if brought to a successful end, will be of great benefit to Pima county. Mr. Zeckendorf also intimates that he will resist all attempts at his removal.

RESIDENTS of Nogales, Arizona, and settlers in the vicinity have organized a protective association to fight the Cameron grant, which embraces about 225,000 acres on the American side of the line, including the town of Nogales. The question of the title of the grant claimants will come before the land court shortly and will be bitterly contested on both sides. The Cameron grant includes the Mexican town of Nogales and adjacent territory, and was recently confirmed by President Diaz of Mexico. Both sides are now represented by local assistants in Washington.

THE low price to which paper has fallen under the protecting influence of high duties, makes the production of paper supplies a profitable business, and its profit is, of course, directly related to the freedom enjoyed from foreign competition. Under these circumstances it is to be regretted that the large part of the rural population of the United States that receives mail at fourth-class post offices have not had the benefits of the use of letter sheets extended to them. At every Presidential post office in the country you can buy what is a sheet of paper and a stamped envelope all in one, but the fourth class offices do not keep them on sale. And yet these offices serve just the population to whom letter sheets would be of most use, but it is just the population that is largely cut off from the ample stationery supplies of towns and cities. We believe the extension of the letter sheet system to the fourth-class post offices would be a source of increased revenue to Postmaster General Wanamaker's department.

THE general land office at Washington, under the recent administration, continues to keep up its record of disposing of business before the papers in the case grow musty with age and the pigeon holes in which they are kept get closed up with cobwebs, as was the case under Grover Cleveland's commission. Formerly, if a man received a patent to his land within two years after making his proof, the general land office was complimented for its activity, as the usual time was from three to five years. When a year ago this month the Journal-Miner announced the receipt of a patent in the Prescott land office within six months after final proof, it was regarded as a remarkable circumstance by parties who had had experience in land matters under the former administration, and one skeptical individual would not believe the statement until he had examined the records and date of the patent. The time has now been cut down still further, as five patents for pre-emption entries were received at the land office on Saturday, the dates of the patents being February 8, 1892, the final proofs for which were all submitted in October, 1891, the latest one being October 29, or but a few days over four months prior to the date of the patent. This is a fair sample of the work being now performed in the general land office.—Journal-Miner.

TERRITORIAL NOTES.

A private letter received yesterday from Mr. J. W. McGowan, Castle Creek, stated that owing to a very heavy rain the body of the late J. W. McGowan could not be brought to Prescott, but was temporarily interred near his mining camp.—Courier.

We are in receipt of a communication from Florence announcing that Rev. Father Warluzel started on the 24th inst. to accompany the altar destined for the Catholic church at Globe. The reverend gentleman arrived here yesterday. The altar is described as being the handsomest one in the Territory.—Belt.

Mr. C. M. Bruce tells the Star that the community adjacent to Huachuca have been intensely interested since the arrival of the Apache soldiers. Considerable uneasiness was at first felt in regard to their presence but since the public have learned that the Apache soldier spends most of his time in the guard house the feeling of fear has passed away.

A Washington telegram of February 29 says: Henry Huning, of the cattle firm of Cooley & Huning, of Prescott, A. T., received another black eye today when the pre-emption statement of Diego Garcia was held for cancellation. As in other cases that have come up in the Interior Department, it was shown that the entry was not bona fide, but had been made simply to extend Huning's cattle range.

Editor Patton of the Banning Herald, says that the Colorado river has risen five feet. G. W. Durlow of Salton, says that it has risen seven feet. The facts are these: The lowest the river has been this season was 16 feet 4 inches; the highest on the present rise was 19 feet, a rise of only 2 feet 8 inches. A rise of seven feet will put more water into the Salton Basin than it ever had since white men knew of the great sink.—Sentinel.

The Yuma Times says: Suit has been commenced by J. M. Molina against John Stoffela to recover his bet made on the race two weeks ago. He asks for the recovery of the one-story brick building and lot on Main street and \$2000 in cash. The answer avers that the consideration of the property is illegal and in addition that the race was run on Sunday. Mr. Molina has retained Baker & Campbell and Samuel Parley. The case will come up at the April term of the district court.

Last Saturday a warrant was sworn out by Miss Concepcion Olafeta for the arrest of Manuel Leivas, whom she charged with failure to come to time on a promise of marriage. Judge Mahbott gave the young man until 4 o'clock in the afternoon to get married or take the law's consequences, and committed him to jail. After consulting an attorney, Manuel concluded to marry, but as he had no money spectators raised the necessary \$4 and the ceremony was performed.—Yuma Times.

Eastern philanthropists cannot seem to get it into their heads that these Indians are savages. They act as though they thought they were little innocent, bright-eyed, clean-faced Sunday school children, with angel wings sprouting out all over their shoulders and back, simply second editions of sinless Adams and Eves in paradise, sitting under the cooling shadow of the tree of life, basking in sunshine, perfect paragons of helpless innocence. Nothing is further from the truth.—Huachuca Sentinel.

The internal revenue business of Arizona will, for the fiscal year, probably reach an aggregate of \$15,000. Last year for the entire district, which includes Arizona and New Mexico, the total receipts were about \$35,190. The district is divided into three divisions, one, with headquarters at Albuquerque, taking in all the stations along the Southern Pacific road. Adding those towns to those in Collector Eyster's district and the annual receipts will reach \$18,000. Comparison by month of the receipts with corresponding months of a year ago shows a great gain—in one instance of 300 per cent.—Star.

The World's Fair.

We have received the last issue of the "World's Columbian Exposition Illustrated," the only authentic organ of the Great Fair. The object of this publication is to give a complete authentic historical record of the Columbian Exposition. It contains 32 pages of official proceedings, and will give photographic illustrations printed on Enamel paper, of all the exhibits, buildings, and attractions of the great Fair. As a work of art, containing the most interesting information, it is invaluable to all who wish to keep up with the times and learn of the great International Enterprise.

It will be published semi-monthly early in the fall, making eighteen copies for present year. Price, \$4, postpaid; 25 cents a copy. Subscriptions taken at this office, where the paper can be seen, or sent 25 cents for sample copy to J. B. Campbell, Editor and Publisher, 218 La Salle St. Chicago, Illinois.

Republicans, Attention!

Communicated.

Tuesday evening March 8, witnessed a glowing religious gathering at Winslow. Revs. N. F. Norton and G. E. Pooler held Quarterly Conference services in the school house and quite a goodly number were present.

Rev. Norton first addressed them on the subject, "We are all One Body in Christ." We are not laboring to build up denominations, but to save souls and bring up the young in the paths of virtue and right. The eye cannot say to the ear I have no need of thee, the hand cannot say to the foot I have no need of thee. So no Christian church can say to the other denominations I have no need of thee. Each one has a mission, some work to do, and no one is so unimportant in this life but they may aid some in doing good.

After an interesting discourse on this line, Rev. Norton introduced the business of the Quarterly Conference of our church society which is established in Winslow.

The pastor reported services 2, calls 55.

Mrs. Frizell, Sunday school superintendent, reported Sunday school growing. The following stewards were appointed: Mr. and Mrs. Frizell, Mrs. Greenwood, Mr. Michaels, Hy. Heide, Mrs. Killen, Mrs. E. M. Montgomery. The policy of building a church was then discussed and it was unanimously voted for.

All present subscribed themselves incorporators. Their names are as follows: "E. M. Montgomery, "J. Michael, "Mrs. J. Killen, Mrs. E. M. Montgomery, Mrs. W. S. Sloan, Mrs. V. Mearity, "C. A. Davis, James Harvey, W. G. Brandat, "Fr. Seeger, T. M. Sloan, "C. M. Holmes, "Mrs. Frizell, James H. Bishop, N. S. Sloan.

Plans have been sent for the new church, which will be built of brick and stand facing the north on the corner southwest of the Catholic church.

The names with * preceding are trustees.

Deafness Can't be Cured

By local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedy of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circular, free.

I am plodding along and taking life just as easy as I can. Am selling good straight goods for cash at a moderate profit, and I find it a first-rate way to do business and keep my trade. I don't aim to become rich in one year. Have no particular extra bang-up bargains to offer; no old stock on hand; no wife at present (I am sorry to say) to blow in my wealth (she's visiting her relatives east.) No book accounts to worry over. If there is anything that will fret a merchant and keep him full of grief, it is old book accounts against Tom, Jack and the Devil. Tom's account is good when it rains; Jack's when you get it, and the Devil's is no good, rain or shine.
